During these unprecedented times everyone – individuals, families, children, adults, and businesses – are being impacted. Throughout history it is at these moments the human spirit has shined the brightest.

There are many ways to assist one another, be it picking up groceries, providing a meal, running an errand, ordering take out, or providing financial assistance. Our community sets the standard when it comes to serving others.

During this time I want to encourage us all to continue to find ways to look out for each other.

For the awareness of our school – community, Kelly Thornburg and Tyler Taylor, representing the Fountain and Warren County Health Department, have launched a Go Fund Me effort to support individuals and businesses in our county who may be suffering due to the impact of the COVID – 19 Pandemic.

If so inclined, you may get further details through the link below:

I would also encourage anyone with a need to feel free to contact the school corporation district office. We stand ready to assist you in any way we possibly can.

Our thoughts and prayers remain for all to be safe, all to be healthy.

Thank you.

Kevin
